

JOB OBJECTIVE: project engineer

HIGHLIGHTS OF QUALIFICATION

- 4 Years' experience in project engineer managing in Oil, Gas and Petrochemical Plants, Offshore, Mineral Processing and Project Engineering Management.
- 20Years experience in material and pipping including Design Oil, Gas and Petrochemical Plants, Offshore, Mineral Processing and Project Engineering Management.
- B.Sc. in metallurgy Engineering
- Excellent skills in prediction and AutoCAD
- Familiar with relevant standards such as API, B.S., ISO, ASTM, , NACE,..
- Computer Literate, MS Word, MS Excel,
- Responsible, hard working, trouble shooter, fast learner and well organized

EMPLOYMENT HISTORY

- Project Engineering Manager** **1401-presents**
RAD NIROO KERMAN Co.

Technical Skills:

- § Coordination of project engineering team.
- § Coordinated with all technical departments of company, clients, vendors and contractors.

Projects:

- § North of MASHHAD 36” gas pipeline project

- Project Engineering Manager** **1400-present**
Darya pala Co.

Technical Skills:

- § Supervision of project engineering team.
- § Coordinated with all technical departments of company, clients, vendors and contractors.

Projects:

- § REQUIRED FACILITIES FOR CONTINUOUS PRODUCTION OF AHVAZ ASMARI RESERVOIR'S WELLS BY GAS LIFT - as Project Engineer

- **Project Engineering Manager** **1397-1400**
Daryapala Co.

Technical Skills:

- § Supervision of project engineering team.
- § Coordinated with all technical departments of company, clients, vendors and contractors.

Projects:

- § Electrode graphite complex ARDAKAN

- **MATERIAL DEPARTMENT CORDINATOR** **1381-1397**
□ **Darya pala energy. Co.**

Technical Skills:

- § Assisted on mechanic and piping document Preparation
- § Prepared material selection with prediction software
- § Prepared material department Specification/mto/mr/dsh

Projects:

- § PARS INTERCONNECTION Pproject
- § GACHSARAN GAS COMPRESSOR STATION.(Basic & Detail Design)
- § SRU Unit in ILAM PETROCHEMICAL Plant.(Detail Design)
- § Supervision of KHORMOOJ & DEILAM compressor station.
- § Qeshm production unit early product of Hengam field.(Detail Design)
- § Extension and Renovation of Taheri port facilities. (Basic Design)

- **Piping designer and AutoCAD expert** **1375-1381**
Darya pala Co.

Technical Skills:

- § Prepared pms
- § Prepared mto
- § Prepared cad dwg and isometric dwg

Projects:

- § Bandar Imam Petrochemical Complex R&D Center HD/PP Pilot Plant.
- § Bandar Abbas Crude Oil Supply Project via Qeshm Island.
- § Technical Bid Evaluation and Purchasing service for PET II (Tondgooyan).
- § Preparation of Piping Material Take off, Material Requisition, Piping Specifications and purchasing service for (HIRBODAN) ILAM.
- § NGL 1200,1300
- § Technical Bid Evaluation and Purchasing service for 56" Pipe line (South Pars)
- § Pars oil Co. Revamping
- § LPG (KANGAN)

Accomplishments:

- § Coordination of project engineering team.
- § Coordinated with all technical departments of company, clients, vendors and contractors.

EDUCATION:

- B.Sc. in metallurgy Engineering
azad University

1381
